Introduction to Synthetic Studies

Reviewed against UCCS OSCQR 3.1.3, version 3.1.3

Review opened 2026-09-29 11:27 UTC

What this document is

This is a first review pass over the course materials in Canvas against UCCS OSCQR 3.1.3, prepared for the instructional designer and written so it can be shared with the instructor as it stands. It reviews materials, not the instructor or their teaching. A proposed rating names an amount of revision effort in the instrument's own bands; it is not a measure of how well anything is taught. Criteria that call for pedagogical judgement are posed as questions for the reviewer and carry no proposed rating, and no figure is computed for the course as a whole.

Proposed readings by category

Each cell counts the criteria in one category that read one way. The counts are not added up across categories or readings.

	Sufficiently Present	Minor Revision	Moderate Revision	Major Revision	No Response	Not Applicable	Posed as a question
Course Alignment	0	2	0	0	4	0	1
Getting Started and Overviews	1	6	0	0	5	0	0
Organization and Representation	0	3	0	0	7	0	1
Accessible Course Design	0	10	0	0	1	0	0
Engagement and Interaction	0	2	0	0	5	0	5
Assessment and Feedback	0	4	0	0	1	0	1
Mobile Standards	0	6	0	0	1	1	1

Action plan

Criteria with something located, in the instrument's priority order and then by proposed band; a criterion the instrument gives no priority flag comes after the rest. Each code leads to the criterion's entry below.

Priority	Code	Criterion	Proposed rating	Located
Essential	**COAL 1**	Course objectives are clearly articulated, describe a single discrete behavior, support learner achievement of program objectives, and define the measurement of success.	Minor Revision	1 observation, 0 quotes
Essential	**GSOV 4**	An overview is provided for the course overall and for each module that informs learners how to navigate, relevant course and module objectives, and what tasks are due.	Minor Revision	3 observations, 39 quotes

Priority	Code	Criterion	Proposed rating	Located
Essential	GSOV 5	Tentative course schedule provided with due dates for all activities and assessments, learning materials, and relevant academic calendar information (e.g., Spring Break, drop/withdraw deadline).	Minor Revision	2 observations, 12 quotes
Essential	OREP 11	Course navigation menu is aligned with how learners progress through the course (i.e., extraneous tools and links are removed from course navigation).	Minor Revision	3 observations
Essential	ACD 1	All technology tools include accessibility information (e.g., an accessibility statement).	Minor Revision	1 observation
Essential	ACD 2	Contrast between text and background colors in pages and any images is sufficient (text:background ratio of 4.5:1 for normal-sized text and 3:1 for large text greater than 18 point); text in documents (Word, PDF) uses sans serif font and size is at least 12 pt. Canvas does this automatically.	Minor Revision	3 observations
Essential	ACD 3	Content is properly formatted using preformatted styles (e.g., Title, Normal, H2, Paragraph), including all PDFs, slideshow presentations, Word documents, and HTML pages.	Minor Revision	5 observations
Essential	ACD 6	Tables are used for tabular data (not page layout), contain header rows or columns, and include a caption and summary.	Minor Revision	5 observations
Essential	ACD 7	All text and images provide the same information when viewed with or without color and color is not used to convey meaning to learners in content or communication.	Minor Revision	2 observations
Essential	ACD 8	All images, including images in content such as PDFs, have appropriate, descriptive alt text (or summaries) and decorative images are labeled as decorative.	Minor Revision	4 observations
Essential	ACD 9	All video content includes accurate closed captioning (automatic captioning may require editing) and audio content is accompanied by a transcript, including all instructor-generated media.	Minor Revision	2 observations
Essential	ACD 11	All activities and assessments include clear instructions, due dates, and submission guidelines (i.e., what is to be submitted, acceptable file formats, where to submit).	Minor Revision	3 observations
Essential	ENIN 11	Learners have multiple opportunities to provide descriptive feedback on course design, course content, course experience, and ease of online technology.	Minor Revision	1 observation, 0 quotes
Essential	ASFE 2	Activities include evaluation criteria and clearly articulate expectations (e.g., rubrics, exemplars).	Minor Revision	1 observation, 1 quote
Essential	ASFE 4	The course offers opportunities to provide formative feedback on the achievement of learning objectives	Minor Revision	1 observation, 0 quotes
Essential	ASFE 5	Assessments with a prolonged duration are scaffolded and provide the opportunity to receive constructive feedback (e.g., drafts, peer review).	Minor Revision	1 observation, 0 quotes
Essential	COAL 4	Learning materials and activities demonstrably support the achievement of module and course objectives.	No Response	no check ran, 1 quote

Priority	Code	Criterion	Proposed rating	Located
Essential	COAL 5	Assessments measure progress towards and/or achievement of module and course objectives.	No Response	no check ran, 2 quotes
Essential	GSOV 7	Syllabus states the duration, purpose, and structure of the course and how the course is delivered based on the current accepted instructional modes.	No Response	0 observations, 16 quotes
Essential	GSOV 10	Course grading policies, including consequences of late submissions, are clearly stated in the syllabus.	No Response	0 observations, 2 quotes
Essential	OREP 1	Course, content, and associated technology tools are easy to access and navigate; extraneous information (e.g., irrelevant privacy policies, information from previous semesters) is removed from course content.	No Response	no check ran, 10 quotes
Essential	OREP 9	Course offers access to a variety of learning material types (e.g., text, video, hyperdocs) that facilitate communication and collaboration, deliver content, and provide options for engagement.	No Response	no check ran, 2 quotes
Essential	OREP 10	Diverse sources and voices are represented in learning materials.	No rating proposed: the reviewer's call	no check ran, 0 quotes, 1 question
Essential	ENIN 2	Expectations for interaction are clearly stated (netiquette, grade weighting, models/examples, and timing and frequency of contributions).	No Response	no check ran, 1 quote
Essential	ENIN 4	Expectations for timely and regular interaction with the instructor are clearly stated (feedback, additional help, questions, mode preference).	No Response	no check ran, 2 quotes
Essential	ENIN 5	Activities help learners develop higher-order thinking and problem-solving skills, such as critical reflection and analysis.	No Response	no check ran, 9 quotes
Essential	ENIN 9	Levels of difficulty and complexity in learning activities are scaffolded throughout the course.	No rating proposed: the reviewer's call	no check ran, 13 quotes, 1 question
Essential	ASFE 3	Course offers learners options for demonstrating learning and achievement of learning objectives through multiple activities and assessments without relying exclusively on limited summative or cumulative assessments.	No rating proposed: the reviewer's call	no check ran, 32 quotes, 1 question
Important	COAL 2	Module objectives are clearly articulated, describe a single discrete behavior, support learner achievement of course objectives, and define the measurement of success.	Minor Revision	1 observation, 0 quotes
Important	GSOV 1	Course includes information about required technology tools (websites, software, and hardware), requisite skills for use, support resources, and links to privacy policies.	Minor Revision	1 observation, 0 quotes
Important	GSOV 6	Welcome Announcement posted that includes course details, how to access the course, technical requirements, accessibility information, instructor contact information, and guides students to a Getting Started module.	Minor Revision	1 observation, 13 quotes
Important	GSOV 9	Syllabus features measurable, student-focused course objectives prominently.	Minor Revision	1 observation, 0 quotes
Important	GSOV 11	Resources for student success (e.g., institutional supports, course-specific strategies) are readily available.	Minor Revision	1 observation, 3 quotes

Priority	Code	Criterion	Proposed rating	Located
Important	**OREP 3**	Each module Overview contains introductory information and lists of: module objectives, associated course objectives, learning materials, activities, and assessments.	Minor Revision	3 observations, 10 quotes
Important	**OREP 5**	Large blocks of information on Pages are divided into sections using headings or separate content pages.	Minor Revision	4 observations
Important	**ACD 5**	Hyperlinks use descriptive text instead of raw URLs or phrases such as “click here”.	Minor Revision	7 observations
Important	**ACD 10**	Learners are informed when a timed response is required. Proper lead time is provided to ensure there is an opportunity to prepare an accommodation.	Minor Revision	1 observation, 1 quote
Important	**ENIN 1**	Learning materials, activities, and planned learner-instructor interactions integrate getting to know the instructor (e.g., personality, online presence)	Minor Revision	1 observation, 0 quotes
Important	**ASFE 7**	Learners have easy access to a logical and frequently-updated gradebook.	Minor Revision	1 observation, 1 quote
Important	**COAL 7**	Technology tools clearly support learner achievement of module and course objectives and elevate learner engagement.	No rating proposed: the reviewer's call	no check ran, 1 quote, 1 question
Important	**GSOV 3**	Course presents information on navigating the course, locating and/or purchasing learning materials, and a list of next steps students should complete as preparation for success in the course	No Response	no check ran, 7 quotes
Important	**GSOV 8**	Syllabus includes instructor/student interaction requirements, expectations, and communication preferences as well as contact information for the instructor, department, and program.	No Response	0 observations, 1 quote
Important	**OREP 2**	Course organization is logical and consistent throughout; modules separate content into distinct learning units, broken up by topic or by week.	No Response	no check ran, 27 quotes
Important	**OREP 7**	HTML (Pages) is used as the primary delivery method for text content, excluding copyrighted materials.	No Response	no check ran, 6 quotes
Important	**ENIN 3**	Course contains activities intended to build a sense of class community, support open communication, and establish trust (e.g., class introductions, course questions discussion).	No Response	0 observations, 1 quote
Important	**ENIN 6**	Course provides activities that emulate real world applications of the discipline and connect the learning experience with personal context.	No rating proposed: the reviewer's call	no check ran, 4 quotes, 1 question
Important	**ENIN 7**	Course leverages varied types of activities and options for learners to engage with the instructor, their peers, and the content.	No rating proposed: the reviewer's call	no check ran, 42 quotes, 1 question
Important	**ENIN 8**	Learning activities incorporate varied learner interactions (i.e., self-reflection, one-on-one, small group, whole class).	No rating proposed: the reviewer's call	no check ran, 18 quotes, 1 question
Important	**ENIN 10**	Learners are encouraged to share outside resources, inject knowledge from diverse sources of information and their personal experiences, and further the discussion in their course interactions.	No rating proposed: the reviewer's call	no check ran, 1 quote, 1 question

Priority	Code	Criterion	Proposed rating	Located
Important	ASFE 1	Course objectives associated with assessments are clearly stated within assessment information.	No Response	no check ran, 1 quote
no priority flag on the instrument	MOB 1	Hyperlinks are provided for embedded content.	Minor Revision	2 observations
no priority flag on the instrument	MOB 2	The course avoids the use of tables and multiple levels of indents.	Minor Revision	5 observations
no priority flag on the instrument	MOB 3	Text is not placed to the left or right of images.	Minor Revision	1 observation
no priority flag on the instrument	MOB 4	When specifying width, percentages are used instead of pixels.	Minor Revision	7 observations
no priority flag on the instrument	MOB 7	Efforts are made to minimize the use of content that does not work on mobile devices (such as Flash and Java).	Minor Revision	1 observation
no priority flag on the instrument	MOB 8	When file attachments are necessary, PDF is used as much as possible.	Minor Revision	4 observations
no priority flag on the instrument	MOB 6	Any apps that are required for students are available on both Android and iOS mobile platforms.	No rating proposed: the reviewer's call	0 observations, 0 quotes, 2 questions
no priority flag on the instrument	MOB 9	Content is divided into small, manageable chunks.	No Response	no check ran, 2 quotes

Accessible Course Design, in full

A ACD 1 All technology tools include accessibility information (e.g., an accessibility statement).

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.1 h, an estimate from the uncalibrated placeholder cost table

> COUNTED BY A PARSER
>
> ACD 1: 1 observation recorded in 1 artifact, of 20 artifacts examined by 1 check.
>
> The band covers only what the other checks could see: tool_accessibility_statement went unexamined in this review.
>
> D12, External tool launches the course says nothing about: 20 artifacts examined, holding 1 item of interest; 1 observation recorded.
>
> At Synthetic Courseware: the course launches 'Synthetic Courseware' (courseware.example.edu) and no page, syllabus or assignment text names it.
> https://canvas.example.edu/courses/4410/modules/items/33003
>
> Proposed: Minor Revision, from 0.1 h of estimated effort on a placeholder cost table that has not been calibrated.

A ACD 2 Contrast between text and background colors in pages and any images is sufficient (text:background ratio of 4.5:1 for normal-sized text and 3:1 for large text greater than 18 point); text in documents (Word, PDF) uses sans serif font and size is at least 12 pt. Canvas does this automatically.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.15 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

For ACD 2, 2 checks examined 15 and 21 artifacts, recording 3 observations in 2 artifacts.

D25, Text whose declared colour does not reach the contrast against its background that the rubric asks for, reported with the background it was measured against: 15 artifacts examined, holding 2 items of interest; 1 observation recorded.

D28, Text declared below the minimum size the rubric asks for, and typefaces that are not sans-serif, in course pages and in the Word documents attached to them: 21 artifacts examined, holding 3 items of interest; 2 observations recorded; 2 items could not be read.

Start Here, line 12 — 1.92:1 for #bbbbbb on #ffffff, 4.50:1 needed. Source: “Office hours are listed on the Modules page and are subject to change.”.
https://canvas.example.edu/courses/4410/pages/start-here

Week 2 Materials, line 3: font-size: 9pt, which resolves to 9pt. The source reads “Everything for this week is in the attached document. Open it and follow the instructions inside.”.
https://canvas.example.edu/courses/4410/pages/week-2-materials

In Week 2 Materials, line 3: font-family: Papyrus, fantasy (decorative). The course reads “Everything for this week is in the attached document. Open it and follow the instructions inside.”.
https://canvas.example.edu/courses/4410/pages/week-2-materials

Proposed Minor Revision: 0.15 h of estimated effort, priced from a placeholder cost table not yet calibrated.

A ACD 3 Content is properly formatted using preformatted styles (e.g., Title, Normal, H2, Paragraph), including all PDFs, slideshow presentations, Word documents, and HTML pages.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.3 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 3: 5 observations recorded in 5 artifacts, of 15, 6 and 21 artifacts examined by 3 checks.

D22, Pages with no headings, headings that skip a level, empty headings, and bold text used where a heading was meant: 15 artifacts examined, holding 15 items of interest; 4 observations recorded.

D30, Attached documents: PDFs with no tag tree or no text layer, Word files that use no heading styles, and slide decks with missing or repeated titles or timed transitions: 6 artifacts examined, holding 5 items of interest; 0 observations recorded; 5 items could not be read.

Images that look like a document rendered as a picture, and pages carrying more picture than prose (D29): examined 21 artifacts holding 6 items of interest; 1 observation recorded.

Start Here, h5 at line 5: h3 followed by h5. The source reads “<h5>”.
https://canvas.example.edu/courses/4410/pages/start-here

Overview, h1 at line 1 — <h1>Overview</h1> inside the body. Source: “<h1>”.
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, line 8 — <p> containing only <b>Assessment</…>. Source: “<b>Assessment”.
https://canvas.example.edu/courses/4410/pages/overview

Untitled Page, line 3: <p> containing only Supplementary material</…>. The source reads “Supplementary material”.
https://canvas.example.edu/courses/4410/pages/untitled-page

In schedule-table.png, image 1 on Start Here: schedule-table.png names schedule, table. The course reads “<img src="/courses/4410/files/5005/preview" width="640">”.
https://canvas.example.edu/courses/4410/files/5005

Minor Revision is proposed, from 0.3 h of estimated effort; the cost table is a placeholder and has not been calibrated.

A ACD 4 All documents (Word, PDF, PowerPoint) in content are printable and/or downloadable.

Priority Important
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating No Response

COUNTED BY A PARSER

ACD 4: 1 check examined 6 artifacts, and 5 items could not be read. Recording nothing elsewhere does not establish the row, so it stays at No Response.

Attached documents: PDFs with no tag tree or no text layer, Word files that use no heading styles, and slide decks with missing or repeated titles or timed transitions (D30): examined 6 artifacts holding 5 items of interest; 0 observations recorded, and 5 items could not be read.

A ACD 5 Hyperlinks use descriptive text instead of raw URLs or phrases such as “click here”.

Priority Important
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.35 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 5: 7 observations recorded in 3 artifacts, from 15 artifacts examined by 1 check.

Links labelled 'click here' or with a raw web address, links with no text at all, the same label pointing at different places, and addresses typed into the page as prose (D23) examined 15 artifacts holding 11 items of interest and recorded 7 observations.

Start Here, link 1, line 7 — "click here". Source: “click here”.
https://canvas.example.edu/courses/4410/pages/start-here

Start Here, link 2, line 8 — "click here". Source: “click here”.
https://canvas.example.edu/courses/4410/pages/start-here

In Start Here, link 1, line 7: "click here" used 2 times for 2 destinations. The course reads “click here”.
https://canvas.example.edu/courses/4410/pages/start-here

Start Here, line 8 — https://help.example.edu/students. Source: “https://help.example.edu/students”.
https://canvas.example.edu/courses/4410/pages/start-here

Start Here, line 8: https://library.example.edu. The source reads “https://library.example.edu”.
https://canvas.example.edu/courses/4410/pages/start-here

Module 1 Overview, link 2, line 26 — "oer.example.edu". Source: “oer.example.edu”.
https://canvas.example.edu/courses/4410/pages/week-1-overview

Overview, link 1, line 35 — "slides" used 2 times for 2 destinations. Source: “Slides”.
https://canvas.example.edu/courses/4410/pages/week-3-reading

Minor Revision is proposed, from 0.35 h of estimated effort; the cost table is a placeholder and has not been calibrated.

A ACD 6 Tables are used for tabular data (not page layout), contain header rows or columns, and include a caption and summary.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.25 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 6: 5 observations recorded in 4 artifacts, from 15 and 19 artifacts examined by 2 checks.

Tables of data with no header cells, header cells with no scope, tables with no caption, and tables used to position things on the page rather than to hold data (D24): examined 15 artifacts holding 2 items of interest; 3 observations recorded.

Module items and page content indented more levels deep than a narrow screen shows, and tables nested inside other tables (D40) examined 19 artifacts holding 15 items of interest and recorded 2 observations.

Course Schedule, table 1, line 5: 5 row(s) × 3 column(s), no <th>. The source reads “<table width="900" border="1" cellpadding="4">”.
https://canvas.example.edu/courses/4410/pages/course-schedule

Course Schedule, table 1, line 5 — no <caption> element. Source: “<table width="900" border="1" cellpadding="4">”.
https://canvas.example.edu/courses/4410/pages/course-schedule

Untitled Page, table 1, line 15 — 1 row(s) × 2 column(s), no header cells. Source: “<table cellpadding="0" cellspacing="0" border="0">”.
https://canvas.example.edu/courses/4410/pages/untitled-page

In week2-reading.docx: 'week2-reading.docx' is indented 3 level(s) in 'Week 2 – Methods', past the 2 a narrow screen shows. The course reads “week2-reading.docx”.
https://canvas.example.edu/courses/4410/modules/items/32002

Module 2 Quiz — 'Module 2 Quiz' is indented 3 level(s) in 'Week 2 – Methods', past the 2 a narrow screen shows. Source: “Module 2 Quiz”.
https://canvas.example.edu/courses/4410/modules/items/32003

Proposed Minor Revision: 0.25 h of estimated effort, priced from a placeholder cost table not yet calibrated.

A ACD 7 All text and images provide the same information when viewed with or without color and color is not used to convey meaning to learners in content or communication.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.1 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 7: 1 check examined 15 artifacts and recorded 2 observations in 1 artifact.

Passages where colour appears to be doing work on its own — prose that tells a learner to look for a colour, and coloured text that carries no second cue (D26) examined 15 artifacts holding 82 items of interest and recorded 2 observations.

Start Here: "shown in red". The source reads “Assignments shown in red are required.”.
https://canvas.example.edu/courses/4410/pages/start-here

Start Here, line 15 — "in red" set in #cc0000. Source: “in red”.
https://canvas.example.edu/courses/4410/pages/start-here

Proposed Minor Revision: 0.1 h of estimated effort, priced from a placeholder cost table not yet calibrated.

A ACD 8 All images, including images in content such as PDFs, have appropriate, descriptive alt text (or summaries) and decorative images are labeled as decorative.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.2 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 8: 1 check examined 15 artifacts and recorded 4 observations in 3 artifacts.

D21, Images with no alt text, with a filename used as alt text, with alt text long enough to read as a paragraph, or marked decorative in a way that contradicts itself: 15 artifacts examined, holding 6 items of interest; 4 observations recorded.

In Start Here, image 1, line 18: no alt attribute. The course reads “<img src="/courses/4410/files/5005/preview" width="640">”.
https://canvas.example.edu/courses/4410/pages/start-here

Week 2 Materials, image 1, line 8 — alt="IMG_2043.jpg". Source: “<img style="float: left; margin-right: 8px;" src="/courses/4410/files/5007/preview" alt="IMG_2043.jpg" width="320">”.
https://canvas.example.edu/courses/4410/pages/week-2-materials

Overview, image 1, line 27: alt="". The source reads “<img src="/courses/4410/files/5008/preview" alt="">”.
https://canvas.example.edu/courses/4410/pages/week-3-reading

At Overview, image 2, line 29: 323 characters of alt text. As written: “A photograph of a whiteboard on which someone has drawn the five stages of the analysis sequence described above, beginning with observation at the top left an…”.
https://canvas.example.edu/courses/4410/pages/week-3-reading

Minor Revision is proposed, from 0.2 h of estimated effort; the cost table is a placeholder and has not been calibrated.

A ACD 9 All video content includes accurate closed captioning (automatic captioning may require editing) and audio content is accompanied by a transcript, including all instructor-generated media.

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.2 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 9: 2 observations recorded in 1 artifact, of 9 artifacts examined by 1 check.

Audio and video with no caption track beside it, and hosted players whose caption state the course itself does not record (D27): examined 9 artifacts holding 3 items of interest; 2 observations recorded.

In Untitled Page, iframe embed: <iframe> pointing at https://media.example.edu/embed/synthetic0001. The course reads “https://media.example.edu/embed/synthetic0001”.
https://canvas.example.edu/courses/4410/pages/untitled-page

At Untitled Page, object embed: <object> pointing at /courses/4410/files/5010/download. As written: “/courses/4410/files/5010/download”.
https://canvas.example.edu/courses/4410/pages/untitled-page

Minor Revision is proposed, from 0.2 h of estimated effort; the cost table is a placeholder and has not been calibrated.

B ACD 10 Learners are informed when a timed response is required. Proper lead time is provided to ensure there is an opportunity to prepare an accommodation.

Priority Important
Determinacy B: evidence located in the course, quoted
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.05 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

Timed assessments whose own description does not mention the limit (D15) examined 1 artifact holding 1 item of interest and recorded 1 observation.

In Module 2 Quiz: Canvas has a 45-minute limit set on this assessment; its description, quoted below, does not mention a limit. Only this assessment's own description was read.. The course reads “Ten questions on the module 2 reading. You may consult the reading while you work.”.
https://canvas.example.edu/courses/4410/quizzes/8001

Proposed: Minor Revision, from 0.05 h of estimated effort on a placeholder cost table that has not been calibrated.

LOCATED IN THE COURSE AND QUOTED

ACD 10: 1 observation in 1 artifact, recorded by 1 check from 1 artifact examined. What was checked is part of this criterion, and the located passages may add to what needs doing.

ACD 10: of 15 passages searched in 15 artifacts, Sightline located 1 quote and matched each to the course text.

Reminder: quiz Friday, line 1 reads: “The module 2 quiz closes on Friday. It is timed once you begin.”
https://canvas.example.edu/courses/4410/discussion_topics/6001

A ACD 11 All activities and assessments include clear instructions, due dates, and submission guidelines (i.e., what is to be submitted, acceptable file formats, where to submit).

Priority Essential
Determinacy A: computed by a parser, stated as a count
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.25 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

ACD 11: 3 observations recorded in 1 artifact, of 6 and 6 artifacts examined by 2 checks.

D09, Activities with no description, and graded assignments with nothing to submit: 6 artifacts examined, holding 6 items of interest; 2 observations recorded.

Graded items carrying no due date (D10) examined 6 artifacts holding 5 items of interest and recorded 1 observation.

In Final Project: the assignment's description holds no text.
https://canvas.example.edu/courses/4410/assignments/9002

In Final Project: graded, with submission types: none.
https://canvas.example.edu/courses/4410/assignments/9002

Final Project: a graded assignment with no due date; 4 of 5 graded item(s) in the course carry one.
https://canvas.example.edu/courses/4410/assignments/9002

Proposed Minor Revision: 0.25 h of estimated effort, priced from a placeholder cost table not yet calibrated.

Engagement and Interaction, in full

B ENIN 1 Learning materials, activities, and planned learner-instructor interactions integrate getting to know the instructor (e.g., personality, online presence)

Priority Important
Determinacy B: evidence located in the course, quoted
Coverage Bound to a check that is part of this review
Proposed rating Minor Revision
Estimated effort 0.1 h, an estimate from the uncalibrated placeholder cost table

COUNTED BY A PARSER

Whether anything in the course introduces the instructor to learners (D18): examined 12 artifacts holding 12 items of interest; 1 observation recorded.

Introduction to Synthetic Studies: 12 artifact(s) read — the syllabus, pages, announcements and discussions — and none is titled or written as an introduction to the instructor.
https://canvas.example.edu/courses/4410

Proposed: Minor Revision, from 0.1 h of estimated effort on a placeholder cost table that has not been calibrated.

LOCATED IN THE COURSE AND QUOTED

For ENIN 1, 1 check recorded 1 observation in 1 artifact of 12 artifacts examined. What was not checked is left to the located passages, so the band is a floor.

ENIN 1: no passage bearing on this criterion was located in 15 passages from 15 artifacts.

B ENIN 2 Expectations for interaction are clearly stated (netiquette, grade weighting, models/ examples, and timing and frequency of contributions).

Priority Essential
Determinacy B: evidence located in the course, quoted
Coverage No check assigned: evidence is located and quoted instead
Proposed rating No Response

LOCATED IN THE COURSE AND QUOTED

ENIN 2: 1 quote located in 15 passages from 15 artifacts, each checked word for word against the course.

In Reminder: quiz Friday, line 1: “The module 2 quiz closes on Friday. It is timed once you begin.”
https://canvas.example.edu/courses/4410/discussion_topics/6001

LIMITS OF THIS PASS

ENIN 2: this rubric assigns no automated check to this row, so nothing was computed for it; its evidence is located passages.

It is left at No Response, the instrument's default.

B ENIN 3 Course contains activities intended to build a sense of class community, support open communication, and establish trust (e.g., class introductions, course questions discussion).

Priority Important
Determinacy B: evidence located in the course, quoted
Coverage Bound to a check that is part of this review
Proposed rating No Response

COUNTED BY A PARSER

D17, Whether the course holds discussions, and whether each carries a prompt: 2 artifacts examined, holding 2 items of interest; 0 observations recorded.

LOCATED IN THE COURSE AND QUOTED

ENIN 3 stays at No Response: 1 check examined 2 artifacts and recorded nothing, which does not settle a criterion the checking only bears on.

ENIN 3: of 15 passages searched in 15 artifacts, Sightline located 1 quote and matched each to the course text.

In Introduce yourself, under “Introduce yourself”, line 2: “Post a short introduction: your name, your programme, and one thing you hope to get out of the course. Reply to at least two classmates.”
https://canvas.example.edu/courses/4410/discussion_topics/7001

B ENIN 4 Expectations for timely and regular interaction with the instructor are clearly stated (feedback, additional help, questions, mode preference).

Priority Essential
Determinacy B: evidence located in the course, quoted
Coverage No check assigned: evidence is located and quoted instead
Proposed rating No Response

LOCATED IN THE COURSE AND QUOTED

ENIN 4: of 15 passages searched in 15 artifacts, Sightline located 2 quotes and matched each to the course text.

Syllabus, under “Course policies”, line 16 states: “I will respond to messages as soon as I can.”
https://canvas.example.edu/courses/4410/assignments/syllabus

Start Here, under “What to do first”, line 12, as written: “Office hours are listed on the Modules page and are subject to change.”
https://canvas.example.edu/courses/4410/pages/start-here

LIMITS OF THIS PASS

ENIN 4: this rubric assigns no automated check to this row, so nothing was computed for it; its evidence is located passages.

It stays at No Response, the instrument's default.

B ENIN 5 Activities help learners develop higher-order thinking and problem-solving skills, such as critical reflection and analysis.

Priority Essential
Determinacy B: evidence located in the course, quoted
Coverage No check assigned: evidence is located and quoted instead
Proposed rating No Response

LOCATED IN THE COURSE AND QUOTED

ENIN 5: searched 15 passages in 15 artifacts; Sightline located 9 quotes bearing on this criterion and checked each against the source.

Overview, under “Overview”, line 3 reads: “Analysis is the part of the course where the vocabulary from module one and the procedures from module two are put to work on a single extended example.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3 reads: “Begin with the observations themselves. Observations are recorded as they are made, without interpretation, and the record is kept even where an observation later turns out to be irrelevant, because a record that has been pruned cannot be audited.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

In Overview, under “Overview”, line 3: “Once the observations are recorded they are grouped, and the grouping is the first place a judgement enters.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3 reads: “Two observations belong together when they answer the same question, not when they look alike, and the difference between those two tests is the difference between an analysis that holds and one that merely reads well.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3, as written: “Grouping is followed by the identification of a pattern. A pattern is a statement that holds across a group and would fail if any member of the group were removed; that failure condition is what makes it checkable.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

In Overview, under “Overview”, line 3: “From a pattern a claim is drawn, and a claim is the only part of the sequence that goes beyond what was observed.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3, as written: “A claim carries a scope, and the scope is where most weak analyses fail: the claim is true of the observations and is stated as though it were true of everything.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3 reads: “State the scope explicitly, in the same sentence as the claim, so that a reader cannot mistake one for the other.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

In Overview, under “Overview”, line 3: “Finally the claim is tested against observations that were not part of the group it was drawn from. If it holds, the analysis stands. If it does not, the failure is recorded alongside the claim rather than replacing it, because a claim with a recorded exception is more useful than a claim that has been quietly narrowed until nothing contradicts it.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

LIMITS OF THIS PASS

For ENIN 5, this rubric assigns no automated check, so nothing was computed and its evidence is located passages.

The row stays at No Response, the instrument's default.

C ENIN 6 Course provides activities that emulate real world applications of the discipline and connect the learning experience with personal context.

Priority Important
Determinacy C: a judgement, posed as a question for the reviewer
Coverage No check assigned: evidence is located and quoted instead
Proposed rating No rating proposed: the reviewer's call

LOCATED IN THE COURSE AND QUOTED

In Overview, under “Overview”, line 3: “Analysis is the part of the course where the vocabulary from module one and the procedures from module two are put to work on a single extended example.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Overview, under “Overview”, line 3 reads: “The example runs from the collection of the original observations through to the statement of a claim, and every step is described here rather than in a separate document so that the sequence stays in one place.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

In Overview, under “Overview”, line 3: “Work through the extended example in the attached slides, and bring one disagreement to the debate.”
https://canvas.example.edu/courses/4410/pages/week-3-reading

Introduce yourself, under “Introduce yourself”, line 2 states: “Post a short introduction: your name, your programme, and one thing you hope to get out of the course.”
https://canvas.example.edu/courses/4410/discussion_topics/7001

A QUESTION FOR THE REVIEWER: YOUR CALL

ENIN 6: Sightline located 4 quotes across 2 artifacts — 3 quotes from 1 page, 1 quote from 1 discussion. Whether that answers the criterion is your call.

LIMITS OF THIS PASS

ENIN 6: this rubric assigns no automated check to this row, so nothing was computed for it; its evidence is located passages.

C ENIN 7 Course leverages varied types of activities and options for learners to engage with the instructor, their peers, and the content.

Priority Important
Determinacy C: a judgement, posed as a question for the reviewer
Coverage No check assigned: evidence is located and quoted instead
Proposed rating No rating proposed: the reviewer's call

No located item

Organization and Representation

B **OREP 1** Course, content, and associated technology tools are easy to access and navigate; extraneous information (e.g., irrelevant privacy policies, information from previous semesters) is removed from course content.

B: evidence located in the course, quoted No Response Not examined: the bound capability has no check yet no check ran, 10 quotes

Syllabus Start Here Overview

B **OREP 2** Course organization is logical and consistent throughout; modules separate content into distinct learning units, broken up by topic or by week.

B: evidence located in the course, quoted No Response Not examined: the bound capability has no check yet no check ran, 27 quotes

Start Here Course Schedule Module 1 Overview

B **OREP 3** Each module Overview contains introductory information and lists of: module objectives, associated course objectives, learning materials, activities, and assessments.

B: evidence located in the course, quoted Minor Revision Bound to a check that is part of this review 3 observations, 10 quotes

Week 2 – Methods 3. Analysis Wrap up Module 1 Overview Overview

B **OREP 4** Content pages have appropriate titles, group related learning materials together, and use consistent iconography and color.

B: evidence located in the course, quoted No Response Not examined: the bound capability has no check yet no check ran, 0 quotes

No located item

A **OREP 5** Large blocks of information on Pages are divided into sections using headings or separate content pages.

A: computed by a parser, stated as a count Minor Revision Bound to a check that is part of this review 4 observations

Start Here Overview Overview Untitled Page

B **OREP 6** All learning materials include copyright or licensing information, model proper attribution, and explicitly state any permissions granted by the copyright owner.

B: evidence located in the course, quoted No Response Not examined: the bound capability has no check yet no check ran, 0 quotes

No located item

A **OREP 7** HTML (Pages) is used as the primary delivery method for text content, excluding copyrighted materials.

A: computed by a parser, stated as a count No Response Not examined: the bound capability has no check yet no check ran, 6 quotes

Start Here

B **OREP 8** Open Educational Resources and low- or no-cost learning materials are utilized prominently.

B: evidence located in the course, quoted No Response Not examined: the bound capability has no check yet no check ran, 0 quotes

No located item

A **OREP 9** Course offers access to a variety of learning material types (e.g., text, video, hyperdocs) that facilitate communication and collaboration, deliver content, and provide options for engagement.

A: computed by a parser, stated as a count No Response Not examined: the bound capability has no check yet no check ran, 2 quotes

Module 1 Overview

C **OREP 10** Diverse sources and voices are represented in learning materials.

C: a judgement, posed as a question for the reviewer No rating proposed: the reviewer's call No check assigned: evidence is located and quoted instead no check ran, 0 quotes, 1 question

No located item

A **OREP 11** Course navigation menu is aligned with how learners progress through the course (i.e., extraneous tools and links are removed from course navigation).

A: computed by a parser, stated as a count Minor Revision Bound to a check that is part of this review 3 observations

Introduction to Synthetic Studies

Assessment and Feedback

B **ASFE 1** Course objectives associated with assessments are clearly stated within assessment information.

B: evidence located in the course, quoted No Response No check assigned: evidence is located and quoted instead no check ran, 1 quote

Reminder: quiz Friday

B **ASFE 2** Activities include evaluation criteria and clearly articulate expectations (e.g., rubrics, exemplars).
B: evidence located in the course, quoted Minor Revision Bound to a check that is part of this review 1 observation, 1 quote
Final Project Lab Report

C **ASFE 3** Course offers learners options for demonstrating learning and achievement of learning objectives through multiple activities and assessments without relying exclusively on limited summative or cumulative assessments.
C: a judgement, posed as a question for the reviewer No rating proposed: the reviewer's call No check assigned: evidence is located and quoted instead no check ran, 32 quotes, 1 question
Syllabus Start Here Course Schedule Module 1 Overview Overview Overview Lab Report Reminder: quiz Friday

B **ASFE 4** The course offers opportunities to provide formative feedback on the achievement of learning objectives
B: evidence located in the course, quoted Minor Revision Bound to a check that is part of this review 1 observation, 0 quotes
Introduction to Synthetic Studies

B **ASFE 5** Assessments with a prolonged duration are scaffolded and provide the opportunity to receive constructive feedback (e.g., drafts, peer review).
B: evidence located in the course, quoted Minor Revision Bound to a check that is part of this review 1 observation, 0 quotes
Final Project

B **ASFE 7** Learners have easy access to a logical and frequently-updated gradebook.
B: evidence located in the course, quoted Minor Revision Bound to a check that is part of this review 1 observation, 1 quote

Closing notes

What is strong

The checks behind 1 row examined the course and recorded nothing, so Sufficiently Present is proposed: GSOV 2 (8 artifacts examined).

What needs work

On 33 rows, a revision band is proposed. Minor Revision: COAL 1, COAL 2, GSOV 1, GSOV 4, GSOV 5, GSOV 6, GSOV 9, GSOV 11, OREP 3, OREP 5, OREP 11, ACD 1, ACD 2, ACD 3, ACD 5, ACD 6, ACD 7, ACD 8, ACD 9, ACD 10, ACD 11, ENIN 1, ENIN 11, ASFE 2, ASFE 4, ASFE 5, ASFE 7, MOB 1, MOB 2, MOB 3, MOB 4, MOB 7, MOB 8.

What to do first

Start with COAL 1 (Essential, Minor Revision), GSOV 4 (Essential, Minor Revision), GSOV 5 (Essential, Minor Revision), OREP 11 (Essential, Minor Revision), ACD 1 (Essential, Minor Revision), taken in the instrument's priority order and then by band.

What Sightline could not determine

The instrument's default stands on 2 rows, because something bound there could not be read or examined nothing: GSOV 12, ACD 4.

For 8 rows, no check in this build examines the bound capabilities yet: OREP 1, OREP 2, OREP 4, OREP 6, OREP 7, OREP 8, OREP 9, MOB 9.

Located passages are the only evidence for 10 rows, to which this rubric assigns no automated check: COAL 3, COAL 4, COAL 5, COAL 6, GSOV 3, ENIN 2, ENIN 4, ENIN 5, ENIN 12, ASFE 1.

Sightline proposes nothing on 9 rows of pedagogical judgement; those are the reviewer's: COAL 7, OREP 10, ENIN 6, ENIN 7, ENIN 8, ENIN 9, ENIN 10, ASFE 3, MOB 6.

Nothing in course materials can settle 1 row: MOB 5.
